

WHY WAIT 2 WEEKS FOR THE COUNCIL TO COLLECT AGAIN?

NEW
TO YOUR AREA

Feeling let down by the council for stopping your weekly collections?

Let WasteConcern collect and dispose of your rubbish.

At Waste Concern we live up to the green of our logo by providing a vital environmental service for the benefit of the community as a whole. We think people matter and society's need for sanitary disposal of waste cannot be ignored.

We provide an efficient and professional waste collection service for anyone who wants more collections than the council will offer. As well as recyclable materials our service includes ordinary, non recyclable waste and food waste.

Waste Concern was set up in direct response to the council policy of reducing from a weekly to a once every other week refuse collection. The sound of outrage has been heard across the country as now half the councils in England, Wales and Scotland have dropped to fortnightly collections.

As a privately run company at Waste Concern we are able to offer a level of flexibility and service that is not available from councils. We're reliable, our operatives are courteous and we strive to provide a great value service.

Not only can we collect your household and garden waste on alternate weeks to your council we can collect whenever you ask us to. You can decide to have as few or as many collections from Waste Concern as you wish.
